- Workday & Taleo
- AWS, AZURE, Google, Oracle Cloud, Cloudera, Hortonworks

HEALTHCARE BUSINESS MANAGEMENT

The Healthcare landscape in the U.S. is undergoing tremendous renovation. The medical, life sciences and health insurance sectors are challenged to maintain reliable, regulatory-compliant platforms. Traditional healthcare services have been disrupted like never before, affecting all areas of access, delivery, cost, payments and outcomes. While a large driver for this has been the Affordable Care Act (ACA), other factors driving change are healthcare consumerism, and the shift towards value-based care.

- Digital Experience & Engagement
- Regulatory Compliance
- Real-time Analytics & Business Intelligence
- Operational Efficiencies
